Estimate # 4159
Date 07/07/2026

Description	Rate	Quantity	Total
Demo	\$1,500.00	1	\$1,500.00

Existing Deck Demolition & Site Preparation:

- Remove and dispose of existing 20' x 12' deck structure, decking, railing, and related components.
- Remove and dispose of six (6) existing bushes around the deck area.
- Remove all demolition debris from the property.
- Prepare area for new deck construction.

Deck	\$18,960.45	1	\$18,960.45
------	-------------	---	-------------

Complete New Composite Deck Installation

Scope of Work:

Contractor shall provide all labor and materials necessary to remove the existing deck and construct a new composite deck system approximately 20' x 12' in the same location with one set of steps.

New Deck Framing & Structural Construction:

- Construct a new 20' x 12' deck frame using properly sized pressure-treated lumber.
- Install new joists, beams, blocking, and structural components required for a complete and properly supported deck system.
- Install necessary framing adjustments to raise the deck height to meet the existing door threshold.
- Provide proper framing modifications for stairs, railing, and composite decking installation.
- Complete all framing necessary to support the new composite deck system.

Composite Decking & Finish Installation:

- Install TimberTech Coconut Husk composite decking.
- Install CAMO hidden fastening system for a clean finished appearance.
- Install KeyLink Outlook railing system around the deck perimeter.
- Install matching TimberTech fascia around the deck perimeter.
- Install matching fascia/trim on stair stringers, stair risers, and exposed areas for a finished look.
- Modify existing steps and add an additional step to accommodate the new deck elevation.
- Complete all final trim, adjustments, and finishing details.

Concrete:

- Concrete Landing is Not Priced to Tear Out or Replace

Exclusions:

- Lattice panels and installation are not included. Waiting on clients final selection
- Any unforeseen issues including damaged house attachment points, foundation repairs, underground conflicts, code-required upgrades, or concealed structural damage will be addressed separately with homeowner approval.

Project Completion: Contractor will provide a complete rebuilt composite deck system including new structural framing, premium composite decking, railing, fascia, and finished stair details while maintaining the approximate existing 20' x 12' footprint.

Includes Labor

Includes Material

*New lattice is not included at this time and will be priced separately if requested.
